

The internal professional social network Like+

Make recognition your engine of engagement and growth.

Who knew recognition could be so easy?

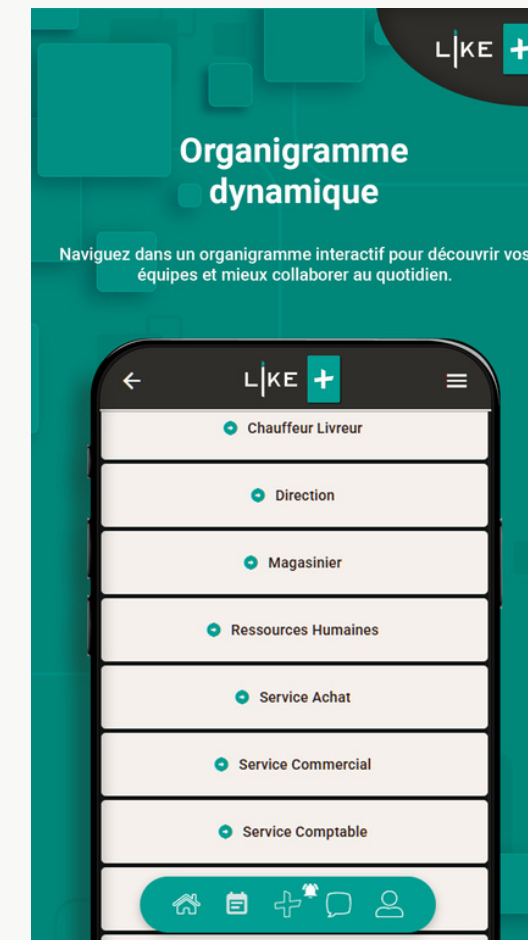

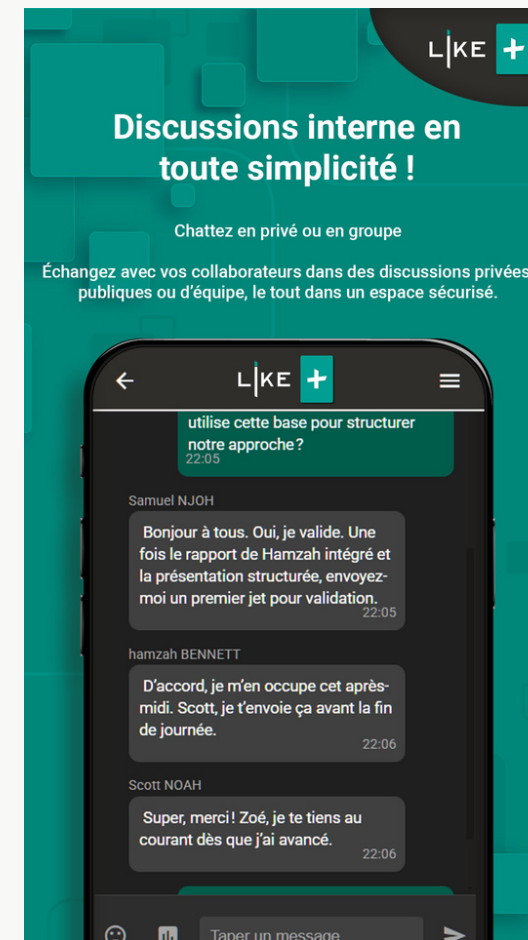

- ➔ Like+ is a platform designed to **strengthen cohesion** and **recognition** within teams in the workplace
- ➔ It offers **several services** aimed at valuing interpersonal skills and improving **internal communication**

➡ Several features to **accelerate** engagement

➡ Promote **dynamic** and **horizontal** communication

The Like+ services

➔ **Like+ Service** : Allows employees to **thank** each other for their work and the time spent together, **highlighting skills** such as teamwork, enthusiasm, and innovation.

Attribuez des LikePlus à vos collaborateurs

Valorisez les efforts et réussites de vos collaborateurs grâce aux LikePlus, et transformez-les en événements fédérateurs.

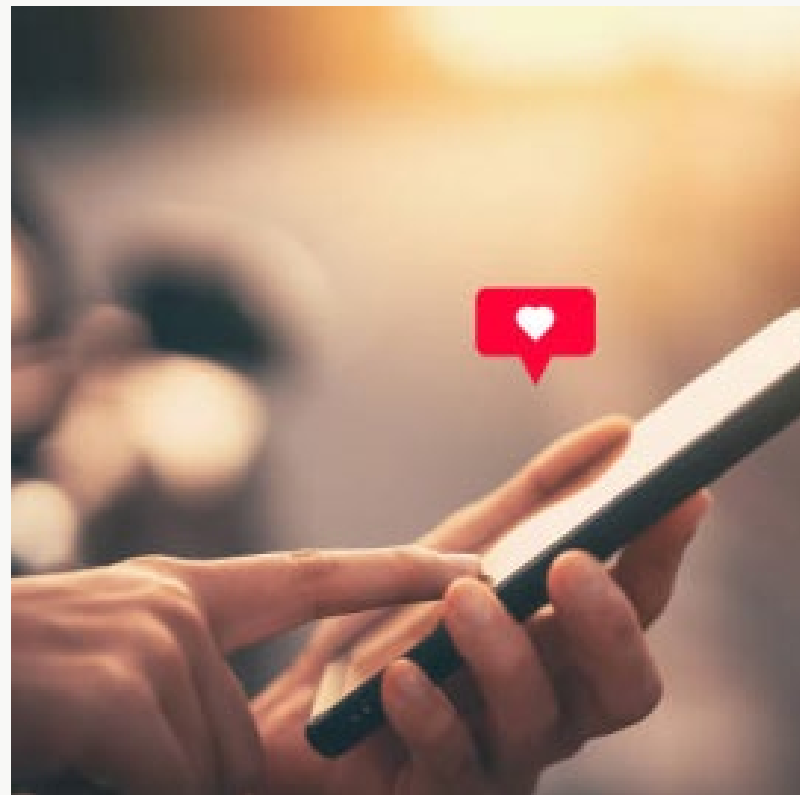

➔ This service offers **eight recognition scenarios**, including engagement in projects, exceptional customer service, and responsible actions.

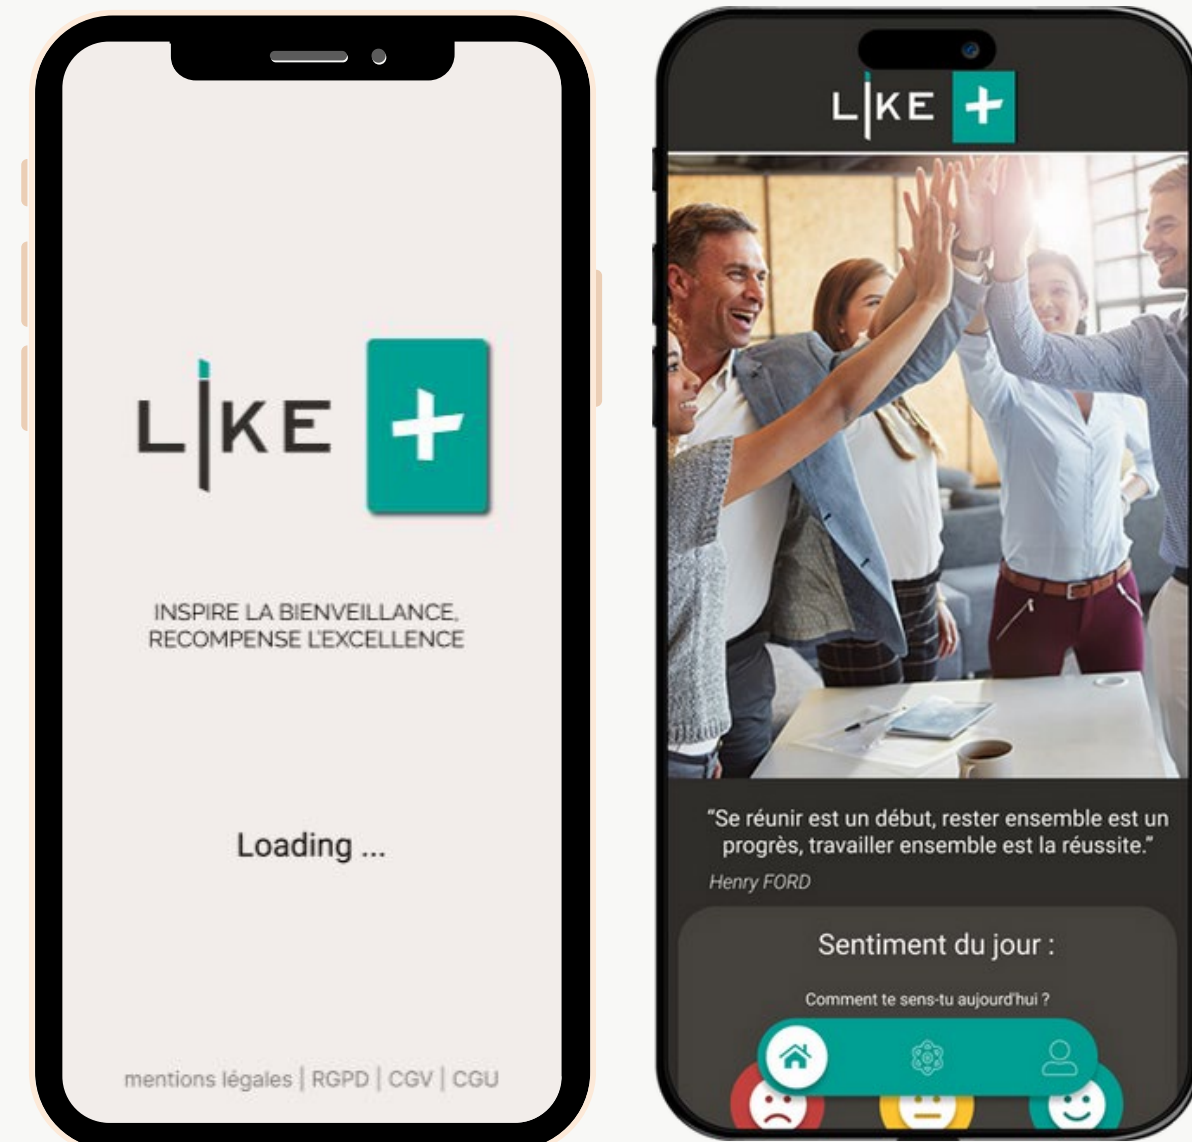

Like+ Credits (CLP) : Each thank-you (or "Like") increases a Like+ credit counter, reflecting individual contributions to **collective success**. These credits can be used to **organize** celebratory events and publicly acknowledge everyone's efforts.

➔ **Like+ News** : An internal company newsfeed highlighting **achievements** and events related to company life. This space allows all employees to share their professional **daily experiences** without the **constraints** of public social networks.

➔ **News Flash** : A feature for sharing **timely** updates, simplifying managerial **communication**, and facilitating the **transmission** of important information.

Discussions interne en toute simplicité !

Chattez en privé ou en groupe

Échangez avec vos collaborateurs dans des discussions privées, publiques ou d'équipe, le tout dans un espace sécurisé.

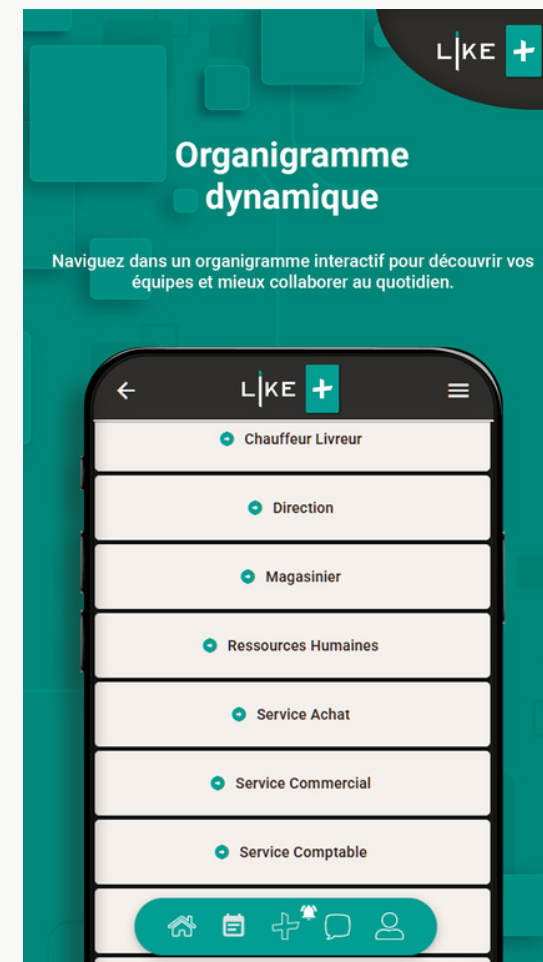

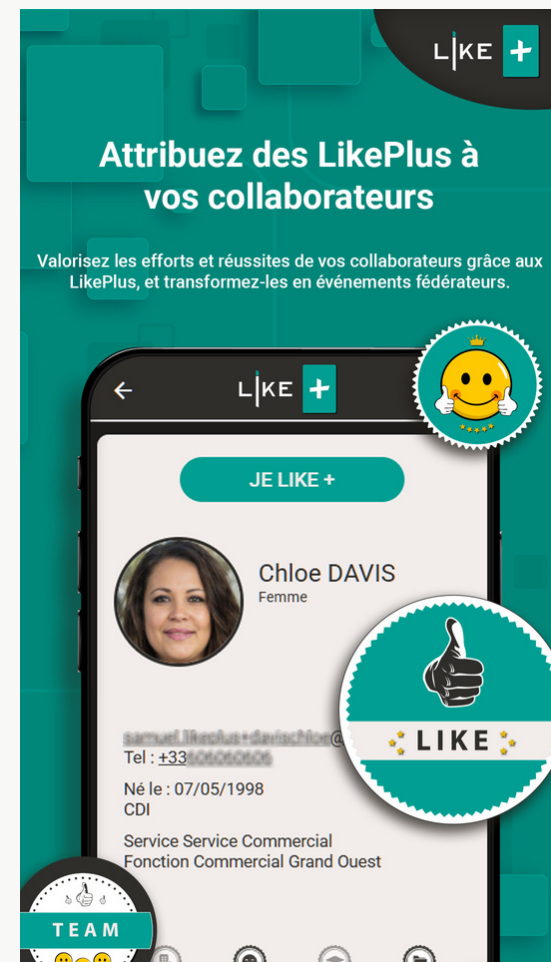

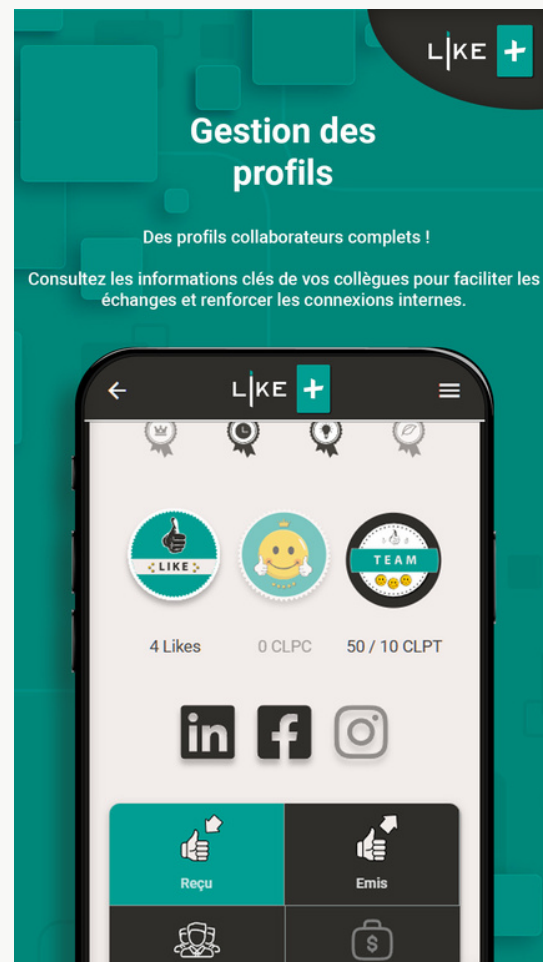

➔ **What's UP+** : A dedicated space for team **communication**, enabling one-on-one or group discussions, **data sharing**, and much more. It **provides** employees with an **environment** conducive to engagement in their **professional** and extracurricular groups.

➔ **Organisation** :An organizational chart of the company, **providing** all employees access to their profile with details such as their **role**, **hierarchical** reporting, **email** and **phone** contact information, and **contract** type.

➔ On profile pages, employees can **view** their assigned recognition **badges**, their team's CLPs, as well as more **personal information** such as their date of birth and social media links like LinkedIn, Facebook, or Instagram.

How to Regulate Like+ ?

- ➔ Our content engages us
- ➔ Evolution of the internal regulations
- ➔ Management of moderations

Available Interfaces:

LikePlus is accessible through **three** environments:

- **PC Web** : For connectivity from the office.
- **Mobile App**: To receive notifications and stay informed while on the go.
- **Large Screen**: For internal communication within the company.

➔ In summary, **LikePlus** aims to bring meaning to positive **interactions** in the workplace by providing tools to **recognize** and value everyone's contributions, while also **facilitating** communication and team cohesion.

Like+ easily fits into your company's program and CSR (Corporate Social Responsibility) Policy.
